

PRODUCT SPECIFICATION DATA SHEET

BOSS ORANGE EXTENDED LIFE ANTI-FREEZE (GM)

CUSTOMER BENEFITS:

BOSS ORANGE EXTENDED LIFE ANTI-FREEZE (GM) is recommended for passenger cars, vans, SUV's, light trucks and heavy-duty vehicles. This product exhibits excellent outstanding aluminum corrosion control in addition to superior protection for copper, brass, solder, steel and cast iron. BOSS ORANGE will control pitting/cavitation damage to diesel engine wet sleeve cylinder liner systems.

NOTE: At every oil change the antifreeze should be checked to ensure that the pH is in the proper range and that the sample is free of significant precipitates suspended solids, cloudiness or contamination.

PERFORMANCE SPECIFICATIONS:

SPECIFIC GRAVITY	1.120 - 1.125
PH	8.0 – 10.0
