

PRODUCT SPECIFICATION DATA SHEET

BOSS HEAVY DUTY RED UNIVERSAL EXTENDED LIFE PREMIUM ANTI-FREEZE

CUSTOMER BENEFITS:

BOSS HD EXTENDED LIFE RED ANTI-FREEZE is formulated with ethylene glycol, and a universal extended life inhibitor package that is SCA (Supplemental Coolant Additive) pre-charged. This product is a premium quality blend that meets or exceeds the latest anti-freeze performance specifications for automotive gasoline engines, as well as heavy duty and light duty diesel engines. This product is dyed RED for identification purposes, and is available in 50/50 pre-mix, (with deionized water), or full strength concentrate formulations.

BOSS PREMIUM RED has a 5 year/400,000 KM cooling system protection rating, and gives excellent, long term corrosion protection of all cooling metals, including aluminum, brass, cast iron, steel, solder and copper. It will also give improved water pump seal life, which in turn reduces water pump failures. **BPR** also provides Maximum freeze-up and boil over protection
