

PRODUCT SPECIFICATION DATA SHEET

BOSS BIG BLUE ULTRA MP GREASE

Customer Benefits:

BOSS BIG BLUE ULTRA MP GREASE is a premium high temperature grease formulated to protect Industrial, Automotive, Heavy duty Fleet and Farm equipment.

PERFORMANCE SPECIFICATIONS:

GRADE NLGI	1	2
Penetration range @ 25 C		
ASTM Worked	310-340	280
Dropping Point		
ASTM F	500+ (260 C)	500+ (260 C)
Soap Type	Lithium Complex	Lithium Complex
Color	Blue	Blue
Appearance	Buttery	Buttery
Base Oil Data:		
Viscosity		
cSt@40 C	227	227
cSt@100 C	15.0	15.0
Timken OK Loads (lbs)	60.0	60.0

*Values shown here are typical and may vary

Applications:

- Recommended for all types of bearings including plain bearings, heavily loaded journal bearings, ball and roller bearings, needle bearings and couplings.
- Recommended for wheel bearings, including disc brake application, fifth wheels, U-joints, steering linkage and chassis applications.
- For use in electric motors of the NEMA insulation class A and B types.
- Excellent grease for most "sealed-for-life" bearings.

Properties:

- Outstanding wide temperature range grease ((-40 F – 400 F) (-40 C-204 C) operating temperatures.)
- Exceptionally low start up resistance
- Outstanding water washout resistance
- Resists bearing leakage at higher temperatures
- Excellent shock load-carrying ability
- Rust and corrosion inhibited to protect metal surfaces
- Excellent EP (extreme pressure) against high loads and wear
- NLGI 2 meets the highest performance categories for dual service
- NLGI certified GC-LB in wheel-bearing and chassis applications
