

PRODUCT SPECIFICATION DATA SHEET

BOSS FIFTH WHEEL GREASE

Customer Benefits:

The BOSS FIFTH WHEEL GREASE is designed primarily for fifth wheel applications only. This grease is formulated with corrosion, oxidation and anti-wear additives to ensure excellent plate protection. A tacky frictional modifier has been incorporated in this formulation to ensure excellent adhesiveness. This product is NLGI certified LB.

NOTE: For initial greasing, the fifth wheel should be cleaned thoroughly to ensure that the fifth wheel grease will adhere properly.
