

# PRODUCT SPECIFICATION REPORT

## BOSS SDH TRACTOR FLUID (Synthetic Blend)

### Customer Benefits:

BOSS SDH Tractor Fluid is a new generation semi-synthetic differential, hydraulic, and transmission oil for use in farm and construction applications. This unique product is engineered as an all-season lubricant with an extensive operating performance range.

### Features:

Density @ 15 °C, kg/l	0.8665
Viscosity, cST @ 40°C	31.0
Viscosity, cST @ 100°C	8.60
Brookfield Viscosity, cP @ -20°C	1100
Brookfield Viscosity, cP @ -40°C	6500
Viscosity Index	163
Flash Point, °C	165
Pour Point, °C	-42

### Applications:

- Powershift / Hydro-static
- Transmissions, Differentials / Final Drives
- Wet Brakes and Clutches
- Mobile Equipment and hydraulic oil systems
- Tractors and off highway equipment that uses an integrated common oil supply system for hydraulic and differential gearing applications.

### PERFORMANCE SPECIFICATIONS:

BOSS SDH Tractor Fluid is formulated to meet the operating requirements of the following classifications:

- API Service GL-4
- Caterpillar TO-2
- Vickers 35VQ25
- Tractor OEM's requiring a tractor fluid such as; John Deere, Hession-Fiat, Ford- New Holland, Case International, Kubota, Versatile.
