

INDUSTRIAL HYDRAULIC OILS

BOSS INDUSTRIAL HYDRAULIC OILS are formulated with high VI base oils combined with an excellent zinc/phosphorous anti-wear additive package for operational use in low and high pressure systems in industrial and mobile applications. These industrial grade hydraulic oils are designed for heavy duty application in the industry. These industrial hydraulic oils have proven field performance, outstanding thermal and oxidative stability, low filter blockage tendency, extreme pressure protection, excellent demulsibility, rust protection and anti-foam characteristics and superior hydraulic stability
